

ZEFFI CORPORATION IS A SMALL, WOMEN AND MINORITY OWNED BUSINESS

PRODUCT LIST 6/1/2011

GSA CONTRACT # GS-07F-5544P

www.zeffi.com

Please contact us today to see how we can help your Agency with a Uniform Program!

Zeffi At A Glance

Zeffi Corporation Ltd. has been providing uniform services to a demanding clientele in the private sector since November 1993, and to the government since 1996. Quality service and customer satisfaction have always been our primary goals. We continuously strive to offer our customers the finest quality uniforms components and accessories, at the lowest reasonable cost.

Zeffi Corporation has been doing business for years with strong and reliable suppliers who have been able to provide the variety of garments required by our clientele. These suppliers are well-established manufacturers who offer high quality products at reasonable prices.

Zeffi Corporation is a Small, Woman, and Minority Owned business managed by its founder, Martha "Lupe" Morken. Ms. Morken is of Hispanic descent, and holds a MS. in Economics.

Program Management

There will be a Project Manager and primary contact for each project established. They will be responsible for the overall implementation and operation of your project. They will work in detail with the Agency Contract Officer in establishing the reports and invoicing requirements needed by the Agency.

Program Design

Zeffi's expertise can help you select the products you would like to have in your Uniform Program. Zeffi will present choices of items, for your selection to evaluate fabric, design and colors. Zeffi deals with a large range of reputable manufactures and can provide your Program with a variety of products from head-to-toe.

Zeffi has a database system that allows the tracking of allowances for personnel up to the amount pre-established by the Agency. If our E-commerce ordering system is chosen for the Program, employees can order only up to their allowance limit, and if desired can purchase above that amount using their own credit card information. The government is billed only for the allowance amount.

ZEFFI CORPORATION IS A SMALL, WOMEN AND MINORITY OWNED BUSINESS

PRODUCT LIST 6/1/2011

GSA CONTRACT # GS-07F-5544P

Program Support

After the Program is in development, a system will be implemented to help your organization in any administrative issues, and day-to-day activities. The assigned Customer Service Representative or Inside Sales person will personally attend to any problems and see to their resolution.

Zeffi's customer service lines are open during our regular business hours, to help the end user with any questions they might have.

Program Catalog

Zeffi can design a catalog in adobe format (PDF) for easy download and printing, with the uniform components available for the Program. This catalog will include all information necessary for the employees to identify the garments in this contract and sizes available, as well colors and description. This catalog will be updated every time there is a change in any of the uniform components. Zeffi will maintain this catalog and keep it up to date.

Order Management

Zeffi accepts orders through e-commerce (if the Program chooses), email, or by fax. An order acknowledgement will be provided within 48 hours of the order to the email on file for the order. This confirmation will have their order number, and the amount of the order.

Inventory Management/ Shipping

Zeffi's personnel make certain that the uniforms items in each Program are shipped on time, to satisfy our demanding clientele. Our warehouse system is replenished often, and keeps uniform items in a safe ward control, until they are ready to be shipped to the end-user. Zeffi also plans 3 months in advance the ordering of items for the next season.

Each shipped package will include a packing slip showing the items shipped, backorders, and purchase order number. Our shipping system sends an email to the person receiving the order alerting him/her that the package has shipped, with the tracking number for reference in case they want to track it.

We pick and pack all uniform orders, either on a "first in, first out" basis, or according to customer specific directives regarding groupings and priorities.
